Personalised Stamp Sheets of Indonesia

First Issue

Indonesia Post issued its first personalised stamp sheets in October 1999, just a few months behind Australia who had issued the world's first personalised stamps (P-Stamps) in March 1999 on the occasion of the FIP International Stamp Exhibition held in Melbourne, Australia.

A personalised stamp sheet is one that has se-tenant blank labels next to a valid postage stamp and on which the customer may have printed their image or other private photo.

The first personalised stamp sheet in Indonesia - named as "Prisma", Prangko Identitas Milik Anda, meaning "Your Identity Stamp," - was issued on October 9, 1999 on the occasion of the 125th Anniversary of Universal Postal Union (UPU). There were two stamp designs used

- Past postal service, depicting old post pillar box, old post office building, and a postman in his horse.
- Present postal service, depicting postbox, new high-level post office building, and a postman in his motorbike.

The total number of sheets printed was 200,000 (each sheet contains 10 stamps), with 1,000,000 for each stamp design. Each sheet contained ten stamps - five stamps in one vertical row with the design of past postal service, and five stamps with the design of present postal service. The size of the sheet was A4 size. Each sheet sold for Rp20,000 (although the total face value of the stamps is only 10x Rp 1000 = Rp 10,000).

Personalised Stamp Sheets of Indonesia

Types

Indonesia Post has issued personalised stamp sheets in various formats since 1999.

The initial sheets closely mimicked those sheets produced by Australia and others consisting of a stamp with attached blank label or tab on which its customers could have their image printed.

Over the years the personalised stamp sheet product has evolved to again follow the lead pioneered by Canada and others in that the stamp has a minimum of printing denoting country and denomination and the the customers image is printed directly onto the stamp area.

Here is a brief summary of the various type of Personalised Stamp sheet formats adopted by POS Indonesia.

Type 1 : A4-H10 (Sm)*

Type 2 : A4-H20 (Sm)

Type 3: A4-V20 (Sm)

* Sm = Small Labels

Lg = Large Labels

Xs = Extended Stamp

St = Stamp Only
